Traffic Declines But Truckee Is High On Record

Foul Weather, Poor Roads Are Blamed for Drop In Travel

Although travel through Truckee doubled during February as compared with January, when Highway 40 over Donner Summit was closed for 20 days of the month, it was still far from normal, a report from the state department of agriculture indicates.

During last month only 8,301 cars, 1,723 commercial vehicles and 359 buses were checked going into the state from the east at the local quarantine station. The total passenger count was 28,544. This compares with 17,004 passengers in 4,509 cars, 918 trucks and 232 buses during January.

Stateline on Highway 50, which reported 125 cars, 12 trucks and 2 buses during January, had 630 cars, 68 trucks and 5 buses last month, with a total passenger check of 1,597. This indicates Highway 40 carried nearly 20 times the passengers that went over its sister route into northern California.

Truckee was in sixth place as a point of entry into the state, being surpassed during February by Yermo, Fort Yuma, Blythe, Hornbrook and Daggett in the order named.

February is one of the lowest months of the year for travel into California and last month only 152,697 cars, 23,890 trucks and 2,986 buses carrying 444,074 passengers crossed the state lines.

In February last year, Truckee's clerks counted more than 14,000 cars, while in the peak of the trave season the count runs close to 50.000.

Foul weather and poor road conditions were blamed for the drop during the past two months.

BATTLE OF DONNER IN WORDS, PICTURES IN STATE MAGAZINE

The official magazine of the California Highways and Public Works for January and February devoted several pages to pictures and stories of the January 10th record breaking storm.

It also carried an editorial from the San Francisco Chronicle entitled "The Blizzards Breed 'Em Tough," which says in part:

The blizzards breed 'em tough, and life above the snow line is hazardous. When a mountain man's pickup truck stalls, or his weasel or Sno-cat breaks down, he is thrown back onto his own hind legs, so to speak; back where the '49ers were, or the Indians before them, in a man against nature conflict.

A letter in the Forum from Vida M. Jones of Menlo Park suggested that the first day of spring be set aside to honor those "valiant crews"—not the least appropriate idea we've heard expressed during this week of the Big Storm.

SEEK $100,000 FOR WORKER'S DEATH

A $100,000 damage suit agains the Southern Pacific Company has been set for trial before a jury in Nevada County Superior Court at 10 a.m. Monday, March 24.

The suit arises because an SP train allegedly struck Fidel Santoyo, a section hand, while he was working on the track east of Troy. Santoyo died January 19, 1951, allegedly of his injuries. Action on behalf of his wife and family in Mexico was brought by Adolfo G. Dominguez, Mexican cousul at Sacramento.

Each side charges the other with negligence, causing the accident.

Death of Father Calls Gage to Elk Grov

W. C. Gage of the Truckee state quarantine station was called to Elk Grove Tuesday by the sudden death of his father, A. D. Gage, 86, that morning. The elder Gage had been ill at his home only a short while when the end came.

The deceased, native of Michigan, came to the valley town with his family while a small child and had spent nearly all his life there. He was active in Masonic, Eastern Star and church work in Elk Grove.

Beside the Truckee man, he is survived by a son, Robert, and his wife, both of Elk Grove.

John McCleary Very Ill In Railroaders' Hospital

John B. McCleary, well known Colfax man and former Truckee rseident, is seriously ill in the Southern Pacific hospital at San Francisco. He had been in the hospital for two or three weeks but recently took a turn for the worse.

New Officers At High School Take Up Their Duties

Officers for the various classes at Tahoe-Truckee high school, some of them elected only recently, are guiding their classmates to important decisions every week.

Last week, Barney Gilmore, freshman president, had a St. Patrick's Day dance planned to the last detail, only to have it called off by the weekend storm. Other officers in the freshman class are Loma Sorensen, vice president; Sharon Grow, secretary; Jay Stuart, treasurer.

Judy O'Neill heads the seventh grade class under the guidance of Henry Sams and William Rogers of the high school faculty. Karen Decker is vice president, while Carol Street is secretary and Loretta Farrrar, treasurer.

Ronnie Sanford, president of the junior class, and Robert Briggs, advisor, as well as the other officers and class members are making plans for the big event of the late spring, the Junior-Senior Prom. Jeep Reid is vice president and council representative; Irma Nauss, secretary; Leigh Rovzar, treasurer.

Penny Jenkinson, president of the eighth grade, and her classmates are planning something special for their contribution to the school's activity this spring, but it is still in the top secret stage. Wilbur Conyers serves as vice president; Dorothy Foster is secretary and Suzanne Knoefler is treasurer. Miss Peggy MacDonald is advisor for this class.

Jeanne Rood, president of the sophomore class, under the guidance of Miss Virginia Angelo, and her classmates have been going full steam all year. They sponsored a successful Leap Year dance on February 29 at the school. Their treasurer is Jerry Quam, Carol Wilson serves as secretary and Calvin Gandy is vice president.

Senior business keeps Russell Harried, president, and his classmates busy. Cliff Dockham is vice president; Donna Mae Speeter, secretary; Dael Rich, treasurer. Miss Thelma Finger is faculty advisor for both the ninth and twelfth grades.

Frank Forests Leaving For Sacramento Home

Mrs. Frank Forest and children have left for Sacramento where they have purchased a new home and where Forest will be employed. The latter is remaining here temporarily where he is employed at Osburn's Associated station. They will sell their home here at Bridge and High Street.

Their many friends in the area will regret losing the family from Truckee.

CHAS. OSBURN WILL HEAD ROTARY CLUB

The regular meeting of the local Rotary Club was held at Brown's Cafe Monday, with a movie being shown by Tom Borneman for the fish and game department on pheasant planting. Visitors presen were Martin A. Sturcke, Harry W Lauritson and Art Leitch of Truckee, and Bob Bruce of Reno.

The club voted to continue its meetings at Brown's. The St. Patrick's Day theme was carried out by the hostess and W. F. Curran presided.

The new president, announced by the new board of directors, for the coming year is Charles Osburn, Associated service stations operator, with A. A. Carmitchel as secretary and Fosten Wilson as alternate secretary.

Jerry Quam Suffering Blood Poisoning Attack

Jerry Quam, local high school student and son of Mr. and Mrs. Oscar Quam, is recovering from an attack of blood poisoning which had a good start in one hand. He injured the hand while preparing skis for a recent meet but gave the slight injury little thought until Tuesday when the poisoning developed. He was treated by Dr. L. D. Nelson.

On Sick List—

Mrs. Dot Painter, Lake Forest, is reported ill with virus pneumonia and Stan Martin, Tahoe City, is confined to his bed with a case of 'flu.

Senate Group To Study Fish, Game Matters Locally

Johnson, Other Solons Due In Area Three Days In May

The state senate interim committee on fish and game is scheduled to meet at the Tahoe-Truckee high school on May 22.

This is according to an announcement by Senator Harold Johnson, a member of the committee, who said the group would make a tour of the area May 21, 22 and 23, to discuss local conditions with sportsmen groups and others interested in the fish and game program.

The committee is headed by Senator Howard Williams of Tulare.

Among other subjects scheduled for discussion will be stream conditions, planting, rearing, limits and other matters of general interest to the sportsmen. Details of the meeting, Johnson said, will be announced later.

In the meantime, the Truckee Outdoor Sportsmen and Chamber of Commerce are being advised of the proposed session so that any problems may be presented to the committee for discussion and possible action.

RED CROSS EXTENDS DRIVE INTO APRIL; RESPONSE IS POOR

Mrs. Fosten Wilson, chairman for the Red Cross drive in this area, yesterday said the drive will be extended into April because of the poor response to the appeal for financial aid.

The foul weather during recent weeks has been blamed for the lack of interest in the drive but it is hoped that the local quota can be raised under the extended time.

At the same time, Mrs. Wilson again made an appeal for used tire chains to be given to stranded motorists unable to make the trip over Donner Summit without the aid of chains. The equipment is badly needed by both military and civilian motorists, Mrs. Wilson said.

CHUCK SMITH WINS INTER-CLASS RACES AT SQUAW VALLEY

Charlie Smith, junior at Tahoe-Truckee high school, placed first in an interclass slalom at Squaw Valley recently during one of the regular Wednesday afternoon sessions conducted by Jim Brehler of the high school faculty. Jay Stuart freshman, was second with 1:07.0 for two runs. nine-tenths of a second slower than Smith. Jerry Quam sophomore, placed third.

Bob Tonini and Smith won first place for the juniors with 2:19.0 for the four runs; Quam and Clyde Mandeville teamed up for a 2:27.8 to give the sophomores second place; and Mary Ann Tonini helped Jay Stuart win third place for the freshmen in 2:37.6.

The ski program is a popular Wednesday afternoon activity for high school students, as well as for other students in the district. Brehler, assisted by Gordon Butterfield, gives ski instruction to students from grades 1 through 12 of the Tahoe-Truckee Unified School District as an optional physical education activity during the ski season. This, the third year of the ski program, finds better than 60 per cent of all pupils participating.

Local M.D. and Dentist Deferred 'til Replaced

The Truckee chamber of commerce has received assurance from State Senator Harold Johnson of Roseville that neither Dr. L. D. Nelson nor Dr. Robert Affeldt will be inducted into the armed forces until adequate replacements have been established here. Both had deferments until next month.

Senator Johnson said he had contacted Col. Kenneth Leitch, director of selective service in California, and that the colonel had agreed that the local situation deserved full and careful consideration.

ADVERTISE

Sun Beams

by Walter M. Barrett

The past six months of storms, one trailing closely on the heels of the other to give this region its most severe winter in the annals of the state, have not only taxed patience to a snapping point, and caused millions of dollars damage to property and loss of business, but have depleted the county's road fund. As a result, the board, and particularly the chairman, Henry Loehr, spent some uneasy days and nights in an attempt to solve a very complex and difficult problem. However, through concentrated study and decisive action, they have come up with a solution. This solution naturally involves finances and so, naturally, either directly or indirectly the cost will be borne by the taxpayer. What we want to point out, however, is that Chairman Loehr and his fellow supervisors didn't take the easy way out and simply stop all work until more money was made available. They held a series of meetings, exhausted every channel of thought, heckled state and county officials, pounding home the necessity for continued work and eventualy were able to announce that for the time being, at least, the way had been paved to continue the important task. We again have reason to be glad we have a representative on the board who puts self interest behind him when he is in there fighting for the benefit of his district.

* * * *

Your Red Cross is in need of funds and the local quota is far from being raised. Remember that Truckee has never been found wanting when a worthy call is made and we sincerely hope that despite the terrific drain upon local finance during this month, the Red Cross will receive its just amount.

Snow Shoveler Buried Beneath Load Off Roof

TAHOMA— Eual Whiteman, 30, of Reno, employed here as a snow shoveler by R. J. Wray, Tahoe Cedars tree surgeon, sustained injuries yesterday afternoon as the result of sliding snow.

Accumulated snow slid from the roof of a garage on to an adjoining shed, under the roof of which Whiteman had just secured a brace. The icy mass went through the shed roof, pinning him beneath. He received a deep head gash, painful back injuries and internal injuries.

Ray, who was working nearby, rescued him and telephoned Dr. Jose Nessim at Kings Beach. The doctor, unable to attend the man because of snow blocked roads, secured the services of the Pacific Telephone Company Sno-cat and trailer from Truckee to take the patient to Truckee and thence to a Reno hospital for treatment.

ILLEGAL PARKING TO BRING TOW CHARGES

SACRAMENTO— Towaway system for badly parked automobiles on Sierra roads has been initiated by the California Highway Patrol, according to Chief E. Raymond Cato.

Cars parked illegally in the snow country are a decided hazard to other motorists, it was pointed out. Winter sports fans frequently forget there are other cars in the area when they leave their vehicles in positions so as to obstruct traffic.

"It may appear to them there is enough room for two vehicles to pass," Cato said, "but often this is not true, particularly if one or both are trucks."

He reported there have been accidents as the result of automobiles parked along highways while the occupants played in the snow.

In the future, he emphasized, the badly parked vehicles will be towed away to parking lots or garages and a towing fee will be charged to the vehicle owners.

Snow Breakfast—

Mr. and Mrs. Walter Loynd entertained a group of friends at the annual Snow Breakfast, served at Brown's Cafe on March 16. Later bridge and canasta were played at the home of Mr. and Mrs. Ray Scott.

Train Stranded As Drifts Block Rails On Sierra

Stalled Mail Train Had Same Conductor as Blocked Streamliner

Southern Pacific train No. 21 was stranded for approximately 6½ hours Saturday by a heavy spring storm in the same snowbound area near Donner Summit where the streamliner, City of San Francisco was stranded for three days in January. By coincidence, the two trains carried the same conductor, Robert Christensen.

The mail train, with 45 passengers aboard its single coach, was stalled in almost the same spot in Yuba Gap where the streamliner was snowed in.

"There was too much snow and too much wind," Christensen said.

"The snow began drifting. For a while we could operate without our own plow but the drifts slowed us up. The snow became jammed up between the cars and broke some of our air hoses and steam lines, which cut off the heat.

"The rear end of the train was stopped in almost exactly the same place as the rear end of the City of San Francisco.

"The passengers were ribbing me about being a jinx. I hope I don't get pneumonia again over this."

Officials of the railroad blamed the delay on the disconnected air lines, which made it impossible to operate the brakes. The SP sent a helper engine from Norden to Yuba Gap and pulled 21 back to Crystal Lake. Rotary snow plows were then sent ahead of the train.

Mrs. Carl Scott of San Francisco, a passenger, praised Christensen, saying, "He certainly was fine..... He deserved a lot of credit. Christensen and those men went back two miles through the blizzard to get to a telephone."

Two Sparks, Nev., high school girls, Julie Stavros, 17, and Lorene Snedden, 17, were bound for San Francisco for a visit.

"We didn't have anything to eat," said Julie. "It was pretty cold."

The girls said most of the passengers were asleep when the train stopped, but were soon awakened by the chilliness. They then huddled in their coats and other wraps and did not suffer great discomfort, according to the girls.

The weekend storm delayed SP trains crossing the Sierra. Eastbound, the City of San Francisco was delayed 9½ hours and the Gold Coast 8 hours. Westbound the City of San Francisco was 4½ hours late and the Gold Coast 3¾ hours late.

RUTH KIENTZ' RITES IN RENO AT 4 P. M.

TAHOE VISTA— Funeral servicse are scheduled to be held for Mrs. Ruth Kientz today at 4 p.m. at the Keiper and Walton funeral home in Reno. Rev. Rafe C. Martin of the Presbyterian Church and officers of Truckee Chapter 116, Order of Eastern Star, will officiate. Burial will be in Mountain View cemetery.

Mrs. Kientz was killed outright and her husband, Vincent, was critically injured on March 12 when their car collided with a snow plow near Bishop and was demolished.

Audrey Welsh, Kings Beach nurse, has gone to Bishop where Kientz is in the hospital and will serve as his nurse during his recovery.

Observes Birthday—

Frank A. Titus today was observing his 75th birthdate.

In Berkeley—

Mrs. James Walker and two younger children are visiting in Berkeley. Walker is remaining here, with son Terry, to keep his Toggery operating.

Bowers in New York—

Mr. and Mrs. Clarence Bowers of Sacramento and former Truckee residents are in New York, making an interesting tour of the big city.

In San Francisco—

Ed Alameda and Willard Painter drove down Monday to spend the week in San Francisco.

New Buick—

Clarence Osburn has returned from Sacramento with a new Buick Roadmaster, now on display at his garage here.

Records Continue To Tumble Under Ravage Of Storm

Seventy inches of new snow fell in Truckee during the past week, bringing the official total on the ground this morning to 108 inches, and drifts measuring cosiderably more. The snowfall for the season has now reached 439 inches or nearly 37 feet.

The U. S. Forest Service reports precipitation for the 1951-52 season now totals 46.14 inches or only 2.15 inches less than the 48.29 inches for the entire season of 1937-38 and with still five months of the season to go. Precipitation for 1889-90 was 43.18 inches, the forest service records reveal.

The wet snow during the past week added 4.13 inches of precipitation here with a total of 7.12 inches so far during March. Snowfall for the month thus far has been 113 inches.

At the present time, the precipitation is 22.41 inches over normal, March having 4.30 inches, or 2.82 above the normal for the month.

Barometers are high and predictions are that clearing and warmer weather will be the fare for the weekend at least.

SKI RACE MOVED UP INTO APRIL; TOO MUCH SNOW

SODA SPRINGS— The annual Donner Trail Memorial cross country ski race has been rescheduled for a month because of—of all things—too much snow.

At the same time, the benefit 50 cent party which was to have been held at the Donner Ski Ranch last night, was also called off.

Experts, who surveyed the terrain where the race takes place, reported to the committee that they could not find the starting point, let alone trace the familiar trail, because of the terrific depth of the snow which has blotted out virtually all land marks.

It was also feared that entries might get lost in the 23 mile length of the race and that so far as spectators are concerned, there would not be a chance to witness any part of the race.

So, the committee decided to postpone the meet until April 19. The benefit party will be held at Ski Ranch April 16.

New Student Council Holds First Meeting

The gavel went down Monday at 9 a.m. as president Ed Alameda, senior at Tahoe-Truckee high school, called the newly formed student council together for the first time. Those attending this initial meeting were Sheldon Jones, vice president; Toni Street, secretary; John Moore, treasurer, and Miss Thelma Finger, advisor.

Class representatives on the council attending were Tom Sheehan, seventh grade; Stanley Rasmussen, eighth grade; Mary Ann Tonini, freshman, and Jeep Reid, junior. Jerry Quam, sophomore and Collette Morhain, senior, were absent.

Principal C. P. King said that the council will have the responsibility of handling all student activities in the future. Items on the agenda Monday included discussion of a snack period during the morning and a rest period in the afternoon. Plans were made to investigate and possibly join the state and national associations of student councils.

Wyethia Meet at School Cancelled by Weather

The meeting of the Wyethia Women's Club scheduled for Friday evening at the Tahoe-Truckee high school has been cancelled because of weather and road conditions, Mrs. Dorothy Rose, president, announced Wednesday. No date for a future meeting of the organization was immediately announced.

To Quincy—

Dave Rose defied the storm to make a business trip to Quincy yesterday.

Family Ailing—

Mrs. Annie Tonini and Mary Ann Tonini are recovering from influenza and Mrs. Elden Tonini has her foot in a cast, having suffered a broken bone in one toe.

Spring Arrives As Roughest Winter Storm Subsides

Snowfall Record on Summit Tumbles in Blizzard Before Spring

Spring was officially ushered in today, only a few short hours after one of the season's worst storms ended after again paralyzing this entire region's transportation system for three days.

The storm, which at times surpassed the blizzard which raged here early in January, set new all-time records for snow depths and storm intensity.

The Southern Pacific started trains running again this morning after a tie up of two days due to the blizzard conditions in the Sierra.

Open 40 Friday

Highway 40 may be opened tomorrow, Superintendent T. T. Buell said, and all available men and equipment are being pressed into service to break through the Tahoe-Truckee road and the Kings Beach-Tahoe City lateral. Deep drifts were responsible for closing these routes this week. The road to Hobart was also again blocked by drifts but will be opened shortly, Buell said.

The first of two major storms moved in slowly last Friday, bringing snow ranging from two to three feet to add to an already almost unbelievable pack.

Road Abandoned

The second storm of the week struck Monday, accompanied by high winds. By Tuesday morning all efforts to keep Highway 40 open over Donner Summit were abandoned. Five big trucks were stalled in the area between Big Shot and Horseshoe and defied tow trucks and other equipment to move them.

State Patrolman William Gautsche Tuesday was marooned for five hours near the trucks when he made efforts to keep the road freed. Thornton's big tow trucks battled for hours before giving up the job of freeing the helplessly stalled trucks, and the drivers were finally loaded on the tow trucks and patrol car and brought to Truckee to wait out the storm.

A short time later state snow removal equipment was ordered out of the area as danger of slides and the stalled trucks made work impossible.

Reno Route Open

State Route 89 to Tahoe City was closed Tuesday night as was the road between Tahoe City and Kings Beach. The road east was kept open to Reno but during the height of the storm it took hours for vehicles to make the 35 mile trip.

All during the storm, weather forecasters continued with their monotonous chant: "Intermittent snow flurries in the Sierra." And not for a single minute did the blizzard cease its relentless pounding.

Highway 50 was closed Monday night.

A Southern Pacific freight train was stalled near Emigrant Gap on Tuesday and the company decided against sending other trains over the route — the scene of the near tragic streamliner incident in January — until the storm let up in its intensity.

Snow Depth Records

Snow depths hit record totals in the Sierra yesterday. At Soda Springs the season's snowfall was 785.2 inches, 5.2 inches over the previous record measured in 1880.

On-the-ground depths recorded were Emigrant Gap, 243 inches; Baxter, 130; Cisco, 206; Soda Springs, 312; Donner Lake Gate, 201; Tahoe City, 144; Cal-Neva, 110; Echo Summit, 282; Meyers, 111; Verdi, 18; Sierraville, 60.

SUMMIT WELL SUIT OFF COURT'S LISTS

A suit for $20,000 general damages plus special damages brought last June by Miguel Rios of Soda Springs against a group of defendants has been settled out of court, according to a dismissal notice in Nevada County Superior Court last week.

The defendants were the owners of the Fabrication Engineering Co. of Hills Flat, builders of a gas tank for Pratt's Garage at Soda Springs, and the Shell Oil Co.

Rios charged that while cleaning a well near the garage he was overcome by gas fumes from the tank. During an attempted rescue he was caused to fall, he said, and an explosion added to his injuries. A fellow worker, Felix Trujillo, was killed in the rescue effort.

Each side in the suit had accused the other of negligence.

Vacation—

Mr. and Mrs. Ray Scott, who have been at Las Vegas and Sacramento, are expected home soon.

Observes Birthday—

Mrs. B. J. Riordan observed her birthdate on March 11.

SWANEE'S

Tahoe Letter

Tahoe City, March 17

Dear Tahoeites:

The big ski tournament is over at long last and even though it might not have been a financial success for the Lake Tahoe Ski Club, both officers and members believe the measure of good will dispersed, the excellent hospitality shown and the numerous compliments received from the visitors more than offset the long hours of hard labor required to make a success of the national junior jumping tournament. This was the second national meet in the area, the first back in 1932 when the national jumping events were held here. In the winter of 1931, the Olympic tryouts were held and this gave our local jumping hill its name.

As may be expected, snow is still the chief topic of conversation in this area. Unbelievable as it may sound, the snow banks around the Homewood region range from 12 to 16 feet high, and are still mounting. Should a warm wind and rain visit our area, it won't only be the people in the valleys who'll suffer from too much water. Tahoe highways will probably resemble Venetian canals and gondolas will be the order of the day.

Bert Watson of Tahoe City celebrated his 70th birthdate on March 14, receiving congratulations from his many local friends. Bert is the oldest native resident of the this vicinity. He arrived in 1882 in the little house which now houses Bob Watson's office in town, next to the Watson residence. His wife, Janet, was born three months earlier than he in Glenbrook making her actually the oldest Tahoe-born resident.

Understand Tahoe's Dave Chambers would welcome letters and cards from his old friends of this area. Dave is reported quite ill in a Santa Barbara hospital and his wife too has been ill. May we extend sincere wishes for a rapid and speedy recover-y for both.

Mrs. Bernie Bechdolt and children and Mrs. Mary Anna Connors and children all returned to the lake Saturday from a vacation o several weeks in Pasadena at the home of Bernie's sister, Mrs. Pat O'Laughlin. It was a bit strange returning to the land of snow after a sojourn in the southland where green grass and even sun baths were the order of the day.

Residents of the Lake Tahoe area are especially reminded to register before April 10, as some important issues will be voted on on June 3, including the election of a single justice of the peace in the Placer County Tahoe area, the contest to be between Judge C. W. Vernon of Tahoe City and Judge Harry Charrison of Kings Beach. Residents may register with Mrs. C. W. Vernon of Tahoe City or Mrs. Ruth Lavery at Kings Beach.

Local residents are asked to mail their donations to the 1952 Red Cross fund drive to American Red Cross, in care of Mrs. Everett O'Rourke, Tahoe City. She's chairman of the Tahoe City branch and Tahoe's quota is again $1050. It is hoped that with the aid of summer residents who have always mailed a part of their annual donation to the Tahoe branch, this amount will be met or exceeded as usual.

Mrs. Maye Stark, who was badly injured in an explosion recently, has returned to her home from her son, Harold's home in Tahoe City where she was being cared for. Since the road was not open to their house, she walked in. She is somewhat better but still retains numerous pains and aches. Her husband, Roy, is chief cook and bottle washer as she is able to do only a few simple tasks without tiring. Here's wishing her a quick recovery.

The C. W. Vernons are rejoicing at the return of their foster daughter, Miss Arlene Perry, who has been attending a girls' school in southern California for some time. She has started classes at Tahoe-Truckee high school Monday and is thrilled to be back in Tahoe's snow. Her fiance, former Tahoeite Frank Randall, has been transferred to Alaska with the Coast Guard. Their marriage is slated for late this summer.

Talked with former Tahoeite Sig Ulland after the banquet Sunday night at Tahoe Inn and met his nephew, Ragaar, who took best form honors in Class 2 Sunday Sig told me he and his wife (the former Katie Rossarini of Truckee and their nine year old son recently returned from a month's trip to Norway which proved most enjoyable.

Will ring off for the week with a cheery adios to one and all, as ever, Swanee.

Marriage License

A marriage license was issued last week at Reno to David Adrian Storz and Mona Lee Candler, both of Crystal Bay.

CERTIFICATE of INDIVIDUALS TRANSACTING BUSINESS UNDER A FICTITIOUS NAME

We, the undersigned, do hereby certify that we are transacting business at the Donner Rancho Resort and Motel at Donner Lake, Nevada County, California, under a designation not showing the name of the persons interested in such business, to-wit:

DONNER RANCHO RESORT AND MOTEL

That the names and residences of the owners of the said business are:

WALTER D. PETERSON and ANN R. PETERSON, his wife, whose address is Post Office Box 26, Truckee, California, and who also maintain a residence at 3487 21st Street, San Francisco, California.

Walter D. Peterson
Ann R. Peterson
State of California
County of Nevada ss.

On this 25th day of February, A. D., 1952, before me, Raymond K. McLaughlin, a Notary Public in and for said County and State, personally appeared Walter D. Peterson and Ann R. Peterson, known to me, to be the persons whose names are subscribed to the within Instrument, and acknowledged to me that they executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written. (SEAL)

Raymond K. McLaughlin, Notary Public in and for said County and State. My commission expires March 17, 1953. f28m6,13,20

NOTICE OF SALE of PROPERTY DEEDED TO THE STATE FOR DELINQUENT TAXES

Date March 19th, 1952

Whereas, I was on the 3rd day of March, 1952, directed by the Board of Supervisors of Nevada County, State of California, and there was received by me and filed in my office an authorization of the State Controller (dated March 10th, 1952) to sell at public auction, for cash in lawful money of the United States, certain tax deeded property, public notice is hereby given that unless the said property is redeemed or an installment plan of redemption is initiated, as provided by law, I will on the 14th day of April, 1952, at the hour of 2 o'clock P.M. in the Tax Collector's Office in the Court House of the County of Nevada, in the City of Nevada City, sell as directed the said property for a sum not less than the minimum price or prices set forth in this notice.

The parcel or parcels of property that are the subject of this notice are situated in the County of Nevada, State of California, and are described as follows:

(Description)

All that portion of Section 7 Township 15 N. R. 10 E. Mt. D. B. and M. situated in Nevada County containing 40 acres.
Last assessee: C. M. Everhart
Minimum Price $225.00

If redemption of the property or the initiation of an installment plan of redemption is not made according to law before the first bid is received, the right of redemption will cease.

ELMA HECKER, Tax Collector of Nevada County, State of California.

To be published in the Sierra Sun by request of applicant.
March 20th, 1952, first publication
March 27th, 1952
April 3rd, 1952

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF NEVADA

SUMMONS — No. 10118

ANTONE FILIPCIC and ANNA FILIPCIC, his wife, Plaintiffs, vs.
A. J. HARDER, as Administrator of the Estate of A. M. Sayles, also known as Agnes M. Sayles, also known as A. M. Widener, also known as Agnes M. Widener, also known as A. M. Bishop, also known as Agnes M. Bishop, deceased; B. COOPER, also known as Benard Cooper and ANNA COOPER, also known as Anna M. Cooper, his wife; I. F. HARVEY and HANNAH HARVEY, his wife; MAE WALKER, PEARL SILL, and KARMA SUTTON successors in interest to Sarah McKelvey; A. MAUDE ROBINSON; GEORGIA RAPP; WALTER SAYLES; also all other persons unknown claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiffs' ownership or any cloud upon plaintiffs' title thereto, Defendants.

Action brought in the Superior Court of the State of California in and for the County of Nevada, and the complaint filed in the office of the County Clerk of said county.

LYNNE KELLY,
Attorney for Plaintiffs,
Grass Valley, California.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO:

A. J. HARDER, as Administrator of the Estate of A. M. Sayles, also known as Agnes M. Sayles, also known as A. M. Widener, also known as Agnes M. Widener, also known as A. M. Bishop, also known as Agnes M. Bishop, deceased; B. COOPER, also known as Benard Cooper and ANNA COOPER, also known as Anna M. Cooper, his wife; I. F. HARVEY and HANNAH HARVEY, his wife; MAE WALKER, PEARL SILL, and KARMA SUTTON, successors in interest to Sarah McKelvey; A. MAUDE ROBINSON; GEORGIA RAPP; WALTER SAYLES; also all other persons unknown claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiffs' ownership or any cloud upon plainitffs' title thereto, DEFENDANTS.

You are hereby notified that an action has been commenced against you in the above-entitled court by the above-named plaintiffs for the purpose of determining all adverse claims to and clouds upon the title to all that certain real property situate in the County of Nevada, State of California, and more particularly described as follows, viz.:

Commencing at a point on the northerly side of the Sierra Valley Road, situate North 35 degrees 07' East 209.8 feet from an iron bar at the intersection of the southerly line of East Main Street with the westerly line of Bridge Street, as per the Official Map or Plat of the Town of Truckee; thence North 43 degrees 30' West 68.98 feet along line of old fence; thence North 73 degrees 01' West 47.85 feet; thence South 34 degrees 42' West 77.14 feet along old fence; thence South 51 degrees 25' East 96.52 feet to the northerly side of the said Sierra Valley Road, and thence North 46 degrees 00' East 85.79 feet along the northerly side of said road to the place of beginning.

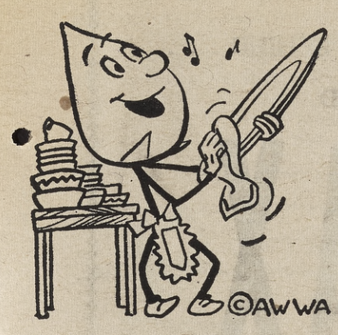

You are hereby directed to appear and answer the complaint in an action entitled as above brought against you in the Superior Court of the County of Nevada, State of California, within ten days after the service on you of this summons —if served within this county; or within thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, the said plaintiffs will take judgment for any money or damages demanded in the complaint as arising upon contract, or plaintiffs will apply to the court for any other relief demanded in the complaint.

GIVEN under my hand and the seal of the Superior Court of the County of Nevada, State of California, this 25th day of February, A. D. 1952.

(SEAL) R. E. DEEBLE, Clerk
By Ronald B. Wakefield, Deputy Clerk. m20,27,a3,10

Willing Water Says:

Around The House I'm Handy

I do my job with pep and vim,
Regardless of the work,
For I'm not one to shirk!
I'm not confined to "home work",
I serve the city-wide.
I move the wheels of industry
And am the fireman's pride.

SAFE WATER DELIVERED DAY or NIGHT COSTS LESS THAN ANYTHING YOU BUY!

EVANGELIST EFFORT TO BE STARTED IN LOCAL CHURCH

The United Evangelistic Mission is a period set aside for the beginning of a movement of "faith and action" in the local Protestant Christian constituency.

"Our faith is proclaimed from the pulpit," declares Rev. A. A. Carmitchel, "and it is put into action by those who go to witness in the homes of those they visit and invite them to enter into the joy of the Christian life."

March 23-30 will be the period of intensive program to reach every protestant in the community to become part of the local Community Methodist Church. Dr. Mahlon Young, director of the California Conference Evangelism program, will be present and the following ministers will help in this program: Rev. Dr. Wilbur Sanders, North Sacramento; Rev. Clyde Teel, Sacramento; Rev. John Swineford, Carson City; Rev. Arthur Thurman, Reno; Rev. Lorne Mee, Fallon, and Rev. Grant Harvey, Gardnerville.

"This is our program for united believing, united praying, united witnessing and united worshipping. You are cordially invited to attend," said the local pastor.

Dr. Young will preach on Sunday, March 23, at the morning service and teach the class on visitation at 3:00 p.m. Sunday.

75 Years Ago Item Recalls Nearby Rail Wreck

In the Sacramento Bee's "75 Years Ago" column which frequently features this region, is an item which says:

"An eastbound freight train ran into a pile of rocks which had rolled onto the track in a tunnel between Truckee, Nevada County, and the Donner Summit. Two engines and five cars were derailed and damaged."

This would place the accident in early 1877.

My Place In the Sun

by DOUG BARRETT

With his usual channels of fresh bread and milk to the west choked by snow yesterday, Joe Mattos sent Willie Curran over to Reno to make sure Truckee didn't run short.....Joe said if I mentioned it to give a special note to Welsh's Bakery and Crescent Creamery in Reno for their cooperation in this latest emergency.....and the many that have gone before this winter If I could remember the character who said last November, "I'd rather have it now and get it over with" I think I'd cleave his pate with my staunchest snow shovel..... May Mattos just beat the storm up from Sacramento at 3:30 a.m. Tuesday.....whither she'd been visiting daughter, Rose Ulsheimer..... Eddie (Shortstop) Ulsheimer is now working at McClelland Field Charlie Heller is always on the lookout for additions to his collection of nearly 150 smoking pipes Sorry to hear that Doyle (The Butcher) McGwinn was taken to a Reno hospital Monday with a badly congested lung.....latest word is that he's better and will be home shortly.....Kathy Curran has best wishes coming for becoming seven years old March 18.....In case I ever get egotistical and wonder what you'll do without me, I note in town two former publishers, Cecil Edmunds and Mrs. E. C. Bavier.....a former printer and pressman, Wm. Englehart Sr.....and a former (and much prettier) Linotype operator, Ardath Leitch..... John Street, en route to labors at the quarantine station, carrying a lunch pail.....and an overnight bag taking no chances on getting caught short.....shorter than the drifting snow than is.....Saturday is the last day voters may register to qualify for a school election ballot May 16.....this is not to be confused with the April 10 registration deadfor the June 3 consolidated primary.....in Truckee you can sign up here at the Sierra Sun office or at the Chamber of Commerce office down the street.....

NORTH TAHOE

by THELMA BURROUGHS

Lillian Port was visiting last weekend with her parents, Mr. and Mrs. J. H. Moore in San Francisco prior to their return to their native England for a visit.

Mrs. George Sparks of Kings Beach is reported to be quite ill with virus flu.

Mrs. Jay Hill is still in St. Mary's hospital in Reno but expects to be coming home as soon as the storm abates.

Mrs. William H. Beers of Crystal Bay is a patient in a Carson City hospital, suffering from influenza.

Mr. and Mrs. V. L. G. Mosier of Veren Villa returned last week to get their resort in readiness for an early season. They go about their task on snowshoes. In the meantime, Mr. and Mrs. Ray Plunkett, caretakers at Veren Villa, are visiting in Los Angeles.

Mr. and Mrs. Doug Free of Tahoe Vista, wintering in Inglewood, called up to find out if there is any snow on the ground. If there isn't, they'll be home. They plan to extend the southern visit a little longer.

John and Jerrie Rayburn are back from their visit to Phoenix, Ariz., where John was a trap shoot winner. Almost immediately after their return, Jerrie came down with pneumonia and is reportedly still pretty sick.

Mr. and Mrs. Chuck Wollner of Berkeley came up March 12 to get the former Fremeier's Sportsman's Port at Tahoe Vista ready for the summer season. The business was purchased last year by Jerry Cornell of San Francisco and the Wollners have been engaged to manage it for him.

The first daily weather map was published by the U. S. Weather Bureau in January of 1871.

KINGS BEACH SCHOOL NEWS

(Received too late for issue of March 13)

The kindergarten and first grade room won the Thrift Banner last week.

Joanna Johnson has returned to our school after nearly two months in Alhambra.

Donnie Powell is a new second grade boy. He comes from Okmulgee, Oklahoma.

Friday, students made Indian headbands. Each time they get 100 per cent in spelling, they will add another feather to the headdress. The one with most feathers will be chief of the class.

Frances Howard left March 12. She is going to Mexico to visit her grandfather, Jack Judy. Frances and her mother are to be gone ten days. She hopes to see Indian potters and weavers at work in Arizona and ...ew Mexico.

The Girl Scouts are going to have their meetings after school so they can do more work on their badges.

The class finished their social studies unit and are looking forward to the new unit on Canada and Alaska. Letters have been written to Canada and parts of the United States to get pamphlets and pictures as well as letters about Canada and Alaska.

The Cub Scouts of Dens 2 and 3 made bird houses and and bird feeders. Den 1 is making wolves', lions' and bears' heads of clay.

(for issue of March 20)

The boys and girls in Mrs. Wing's class room did soap carving this week. Several of the children have completed their Indian carvings. They are carving Indian tepees, chiefs, moccasins and other objects from soap.

Donnie Powell was eight years old March 12. His schoolmates sang "Happy Birthday" to him and each clapped their hands eight times, honoring his birthday.

March 14 students presented a program on conservation at assembly. Linda Waian recited the famous poem, Trees. Each member of the class drew a picture about what they have learned during conservation week. On the back of their pictures they wrote the story of the picture. At the program the stories were read and the pictures displayed. Parents present were Mr. and Mrs. John Rondelli, Mrs. Ben Adams, Mrs. Don Orkfritz and Mrs. Jack Felte.

Joan Decker brought an Indian doll for our exhibit.

Linda Waian wore her hand made beaded Indian moccasins to school.

Lewis Griffith of the forest service and Tom Borneman of fish and game showed a movie and slides to the student body on beavers and state parks.

Joanna's daddy, Gilmore Johnson of Kings Beach, brought his valuable Indian exhibit to our room Thursday, March 13. He described each article and where he obtained it. In the collection are such items as an arrow quiver of buckskin, filled with arrows, two bows, a tobacco pouch, two rattles, a papoose cradle, an odd musical instrument, a puzzle made of buckskin and a boot. This program was greatly appreciated by the students and they hope to have the collector return some time.

KNOWLAND LAYS OUT CAMPAIGN ISSUES IN SENATE ELECTION

United States Senator William F. Knowland officially announced his candidacy for re-election last week at the Alameda County court house in his home city of Oakland.

In filing his declaration of candidacy for the June 3 primary election, the 44 year old senior senator from California disclosed that he would not leave Washington for extended periods to conduct his campaign. He said, "The many

U. S. Senator William F. Knowland

issues before congress effecting various parts of California and the state as a whole demand my time in Washington. These matters are of utmost importance and urgency to the economic welfare of our greatly expanded population. I refer particularly to the water developments for our agriculture and the proper protection and consideration for our industries, as well as to limitations on our building and construction needs without due rgeard for our great influx of new residents.

"As a consequence, my campaign for re-election will be conducted almost entirely by my friends in each county who have offered to take over this assignment for me.

"My campaign will conducted clearly on the basic issues which are starkly clear to every American today. They are, honesty and integrity in government, economy in expending the taxpayers' money, the muddle-headed foreign policy which is bleeding the nation white, and a return to government by the people of this nation."

Senator Knowland said he hoped the legislative schedule would permit a few flying trips to California between now and the June 2 primary.

TAHOE SNOW BALL AGAIN SHIFTED; TOO MUCH SNOW

The Lake Tahoe Chamber of Commerce's 4th annual Snow Ball has had its third date advance — because of excessive snow.

Harry Stubley, chamber president, said conditions necessitated the changing of the date from this weekend (March 21-22) to April 4-5. The first date was in early February but was advanced because of snow storms. The event, when held, will be at Cal-Vada Lodge, Crystal Bay.

The American Flag was raised at Yerba Buena (San Francisco) July 9, 1846.

CARDS, BABY SITTER WILL FEATURE LAKE P. T. A. SESSION

TAHOE CITY— Mrs. Mary Stark announces that the Tahoe Lake PTA will hold a social evening in the auditorium of the Tahoe Lake School at 8 p.m. Thursday, March 27. Not only are parents invited, but the general public will be most welcome. An evening of cards and refreshments will follow a very brief business session. Canasta, bridge and pinochle will be available.

Mrs. Fred Gilman of Tahoe City will be refreshments hostess.

Parents may bring along their babies, as a baby sitter will be provided for the youngsters at the school house. There will be no charge for the evening's entertainment.

Voters in Placer

As of February 15, Placer County had 18,461 registered voters. Voter registration closes April 10 for the June 3 primary election.

From where I sit ... by Joe Marsh

It Isn't the Heat— It's the Hide!

Big discussion after the Grange meeting Friday night. Tik Ander- son was arguing that hogs were lots more affected by the hot weather than cattle. Skeeter Mor- gan declared that it wasn't so—that he *never* saw any hogs bothered by the hot sun like his cows were.

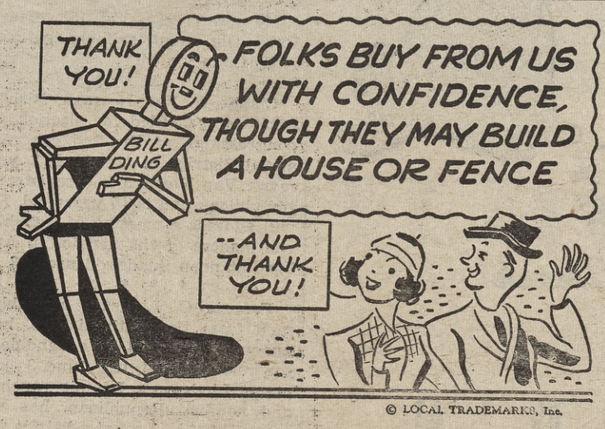

I was glad when Rusty Robin- son stepped in.

"Boys," he says, "don't get so riled up. It all depends on what *color* the livestock are. Hogs or cattle, the ones with light-colored coats absorb less heat from the sun's rays than animals with dark coats. So you're *both* right!"

From where I sit, so many use- less arguments could be avoided if a person would remember he doesn't have all the right on his side. Reminds me of folks who in- sist that coffee, for instance, is *the* only drink, forgetting that other people have a right to a glass of beer now and then. If we wouldn't get so "het up" about our prej- udices—we'd all be better off!

BI-STATE OFFICERS, TAHOE FOLKS DISCUSS PROBLEMS

TAHOE CITY— Gov. Charles R. Russell of Nevada was one of many notable guest speakers from his state and California at the special snow removal conference called by the Council of North Tahoe Organi zations at Cal-Vada on March 12.

Dr. -Jose Nessim of Kings Beach, spokesman for the host council, presented the problems of residents of his area. He and other speakers of the evening were introduced by Harry Charrison, president of the CNTO.

Dr. Nessim prefaced his talk with a resume of the history and growth of the Kings Beach from 1934, when 40 residents remained the year around, up to the present, when a reported 800 persons choose to make Tahoe their permanent home winter and summer. An addi- tional 650 residents are residing year around in Lake Forest, Tahoe City, Tahoe Pines, Tahoma and as far south as Bliss Park. He gave a history of events which have occurred in that area this winter when roads were closed for 16 days and illness created hardships, the Coast Guard sending in amphibious planes on several occasions to eva- cuate patients to hospitals.

He enumerated post offices and businesses located at the north end and asked the officials present to assist Tahoeites in making this area the greatest all year resort region in the west.

The five points presented which the CNTO believes necessary for prevention of repitition of the em- ergencies of this winter were:

1. Modern state rotary and push plow to be stationed at Kings Beach ot operate from the north state line to Tahoe City, leaving the Tahoe City plow free to clear from there south.

2. Modern rotary county plow and push plow to clear side roads in the Kings Beach area, which will remain there.

3. To combine county and state equipment under one supervision thereby expediting the snow re- moval and -saving money.

4. Proper housing for these units, operating under one supervision, with some of the more important spare parts to be kept on hand at Kings Beach. A resolution urging the adoption of these points was passed by the council.

Gov. Russell, in his brief talk, stated there has been splendid co operation between the two states regarding highway problems and that all have worked together for mutual benefit. He pledged the cooperation of his state in any plan which might be proposed to facili- tate better highway travel.

State Senator Harold Johnson of Roseville told of the many calls upon him for help during the Janu ary storms and of his talks with highway officials, who promised to render all assistance possible to people of this area during the emergency. He said over $2,000,000 have already been spent this winter on snow removal and told of the nwe $300,000 allotment from the state gas tax money for snow removal for the various counties. Placer County received $25,000 of this, all of which has long since been spent. He believed the only solution would be to ask the legis lature for more money for snow removal. If real need could be equipment would solve many of forthcoming. He believed better proven, he believed it would be the problems involved.

R. M. Gillis, emissary from the office of Governor Earl Warren, stated the first requirement was a good road and then equipment to keep them in shape. He declared hte division of highways is in sym- pathy with the problems of this community and is making progress each year to better conditions and promised all possible aid.

District Attorney Al Broyer of Placer County stressed the terrific need for assistance in Civil Defense and Disaster program, which not receiving the public cooperation is demands. He urged all those having time to spare to join in this program.

Placer Supervisors Paolini, Paoli and Anderson all expressed concern for the problems of the Tahoe area and promised all possible aid they could muster.

Road Commissioner Melgord also spoke briefly, declaring his office had attempted to do a fair job with facilities on hand but frankly ad- mitted it should be better.

Mrs. Jeannette Mitchell of Sun- nyside, who read the paper dealing with problems on Highwa 89 south of Tahoe City, stressed much the same program as Dr. Nessim. Her group asked for better state and counyt equipment to be stationed at Tahoe City permanently, adequate maintenance and supervision of state and county roads in the area, and on-the-spot spare parts and repair.

NAT'L JUNIOR JUMPS HELD; SUCCESS IN SPITE OF STORM

TAHOE CITY— Despite storm conditions and hazardous high- ways, 150 attended the Lake Tahoe Ski Club's national junior jumping events last Sunday. Weather con- ditions prevented arrival of more entrants who were stranded when highways were closed at the height of the storm but 56 did get through. Especially complimented was the team from Steamboat Springs, Colo., whose coach, Gordy Wren, has accomplished wonders with his young skiers. The visitors were most appreciative of the hospitality extended by the host club and in spite of the small audience put on a marvelous show.

Winners in the various classes were as follows:

Class 1: John Cress Tabernash Ski Club, Granby, Colo., first, 210.4 points; Gary Knowles, Steam- boat, second, 201.6; Corky Heid, Steamboat, third, 197.7. There were 10 others entered in this class.

Class 2: Don Hillbert, Steamboat, first, 209 points; Frank Brown, Payette Lakes, Idaho, (tie) 209; Ragaard Ulland, Seattle, third, 206.3 points. Fifteen others rounded out the "field" in this class.

Class 3: Ralph Turner, Payette Lakes, 193.9 points; Van Card, Steamboat, 177.1; Dave Gorsuch, Continental Ski Club, Climax, Colo., 174.6. Five others were entered in Class 3.

Class 4: David Albright, Steam- boat, 204.6 points; Buster McBride, Payette, 202,1; Lorris Werner, Steamboat, 187.1. Five others com- pleted the list in this class.

A total of 56 entries were re- ceived but only 47 arrived to com- pete.

A turkey dinner was served at Tahoe Inn Sunday evening at which Jack Starratt served as toast- master. Class 1 prizes were award- ed by Judge Allan Granstrom of Seattle; Class 2 prizes by Judge Roy Mikklesen of Auburn; Class 3 prizes by Judge Carl Bechdolt Jr. and Class 4 by Emile Allais of Squaw Valley.

There were no injuries reported during the meet and Dr. Jose Nes- sim and 12 volunteer first aiders were not needed, nor was the stand by ambulance.

A novel touch was given the meet by the arrangement of all contestants at the foot of hill before the mete while the pledge of allegiance to the Flag was re- cited, followed by playing of the National Anthem. Gerry Waters arranged and operatde the loud speaking system.

Though not a financial success, measured in good will and in ex- cellent supervision it was a real winner. Lake Tahoe Ski Clubbers are praying for better weather con ditions for the staging of their next meet here April 5 and 6.

The next meet being sponsored at Olympic Hill by the Lake Tahoe Ski Club with two events slated simultaneously—the FWSA A, B, C and open championships and the club's annual junior jumping meet.

The downhill be held Saturday morning, April 5, at 10 and the slalom at 1 that afternoon. Cross country will start on the morning of the 6th at 10 o'clock, to be followed by the junior jumps. The junior meet is a four-way combined one and points will be scored on each event. During the events, the Lake Tahoe Ski Club will hold its annual novice jumping event dur- ing which youngsters too young to enter Class D will perform for the Jimmie Baker trophy, donated over the past four years by Eleanor Swanson. A banquet will be held at the close of the meet at Tahoe Inn where medals and trophies will be presented.

Chickenpox Rampant Says State Health Department

SACRAMENTO —(C. N. S.)— Chickenpox held the spotlight in communicable diseases in Cali- fornia last week, the state depart- ment of public health reported. There were 2115 cases reported, along with 1016 cases of measles.

Polio cases were apparently on the decline, as only nine new cases were reported during the week.

How to make good telephone service even better...

a time-saving tip...
look up numbers you're not sure of before you call

Have you ever had the feeling you're not quite positive of a familiar telephone number you're about to call? Your memory tells you it's 1338 ... or is it 3138? If you'll take just a moment to look up the number in the telephone book—jot it down—then call, you'll be sure of the right number. You won't have to make the call a second time ... and you'll avoid the embarrassment of calling the wrong number and having a stranger answer.

this free booklet for the local and out-of-town numbers you call most often, is yours for the asking. Just telephone, send a card or drop in to your nearest Pacific Telephone business office.

"What's wrong about integration? It's the way I operate, too!"

Many businessmen *have made comments like this: "The way I figure it out, this 'integration' you big companies are attacked for is just a matter of doing more than one part of a job. So what's wrong about that? It's the way I operate, too!"*

In answering this question let's consider first what the word means. "Integration" means simply carrying a job through several steps. Integration can't make a good company bad. It's a method any business may use as it competes for your patronage, increasing its effi- ciency and benefiting you by keeping prices down. Let's look at the similarity between our operation and that of another integrated fuel- producer whose system is centuries old:

A woodcutter goes into a for- est and fells trees. Standard drills into the ground and brings up oil. If the woodcutter sells the logs then and there ... and if Standard sells the crude oil to some buyer at the well ... there's no integration. Each has performed only one part of the job.

Now if the woodcutter takes the next step and cuts the logs into fire- place size, he has become an inte- grated business. Like him, Standard works to turn the product into the forms you use. We refine our crude oil into gaso- line, lubricants, fuel oil, and other products. So we're integrated, too.

When the woodcutter hauls a load of firewood he extends his integration. He's now in the transportation business ... as is Standard when we use our tank- ers and pipelines to transport oil from well to refinery, and the refined products from there to areas where they'll be used.

And if the woodcutter finally sells the firewood to you, his op- eration is fully integrated. Ours is, too, when we sell you fuel oil ... or sell you gasoline at Company-owned service stations. So is integration wrong? Not at all. And we make best use of it to bring you better products at low cost.

STANDARD OIL COMPANY OF CALIFORNIA
• plans ahead to serve you better

Harry Walker Descended From Western Pioneers

TAHOE CITY— Funeral services were held February 19 at Lebanon, Va., for Harry Morris Walker, who spent many years in the Lake Tahoe area.

A native of Morris County, Kansas, Walker was born August 1, 1885. He was was the son of the late Harry Allen and Rhoda Esther Moon Walker, who went from Tennessee to Ohio when the middle west was being settled by pioneers.

The family originally was from Scotland and Ireland.

He was a devoted member of the Church of God for more than 36 years and was well and favorably known by his scores of friends.

Surviving are his widow, Mrs. Cora Reedy Walker, and the following brothers and sisters, George E., Springfield, Mo.; Charles A., Napa; Robert E., Fresno; Lewis H. Pomona; Hattie Ann Minter, Santa Cruz; Mertie Esther Roush, Corcoran.

Conservation Program For High Student Body

President Ed Alameda, newly elected head of the student body at Tahoe-Truckee high school, performed his first official act by presiding at an assembly last Thursday morning at the school. Game Warden Tom Bornemtn and Darryl Knoefler, official from Donner Memorial State Park, were introduced by Alameda after the Pledge to the Flag.

Borneman showed the group two movies on conservation, "Beaver" and "Ring Necks and Game Farms."

Knoefler, assisted by Jeep Reid, showed colored slides of various California state parks and emphasized that these parks could be enjoyed by more people if each citizen took more responsibility in helping take care of "his" public property by seeing that flowers are not picked, picnic and camp areas are kept clean and that carelessness with fire is wiped out.

STATE PARK COMMISSION MEETS IN S. F. FRIDAY TO DISCUSS NEW LANDS

SACRAMENTO —(C. N. S.)— The California state park commission meets Friday in San Francisco. The commission will discuss proposed acquisitions of state parks in several sections of the state.

OLYMPIC FIGHT CARD SLATED AT RENO FOR IN LAST MAY WEEKEND

RENO— Confirmation that the University of Nevada gym, which will seat over 4,000 for boxing, will be available for the sectional Olympic fight trials in Reno the last weekend in May has been received by tournament officials.

Approval of use of the big gym will mean that most interested followers of the Nevada and eastern California boxers who will begin the quest for Olympic team berths in the Reno meet will be able to see the program.

Also, since proceeds from the show after expenses, which will include sending the 10 Reno match champs to San Francisco for the regional trials, go to the Olympic games fund, the Nevada-California area involved is expected to contribute heavily through attendance to sending U. S. A. athletes to Finland.

INCUMBENTS SEEK RE - ELECTION IN JUNE 3 PRIMARIES

State Senator Harold T. Johnson of Roseville has announced he will seek reelection as the upper house representative of Placer, Nevada and Sierra Counties. A Democrat, Johnson has cross filed for the Republican nomination in the June 3 primary election.

Johnson was first elected to the senate from the 7th district in 1948. Prior to that he was mayor of Roseville for eight years, a city councilman and a school trustee. A native of Broderick, he attended the Roseville public schools and the University of Nevada. He is married and has two children.

In announcing his candidacy, the senator said, in part, "In my opinion the most important issue now before us is the protection and development of our natural resources which play a very important role in the economy of our district, state and nation due to the ever increasing population."

* * * *

Congressman Clair Engle, Red Bluff Democrat, of the 2nd congressional district, has filed for reelection in the June 3 primary on the Democratic and Republican tickets. He was first elected to the seat in 1943 and is now, among other things, assistant Democratic whip in the house. Prior to being elected to congress, Engle was district attorney of Tehama County for two terms and served in the state senate.

He now represents 19 eastern California counties, including Nevada County.

* * * *

Claude H. Van Norman, Bishop engineer, has filed for election as congressman of the 2nd congressional district in the June 3 primary. Van Norman is a registered Republican and is 45 years old. He will address a meeting of Republican leaders of the district in Auburn at noon Sunday, March 23.

* * * *

Francis C. Lindsay, assemblyman from the sixth district, has announced he will be a candidate for reelection at the June 3 primary. Lindsay, a Loomis rancher and nominal Republican, has represented the 10-county district for the past four years.

LOCAL TOLL TELEPHONE CALL CHARGES BEING BOOSTED TO TEN CENTS

The charge for local telephone calls from coin telephones throughout California will be changed to ten cents starting tomorrow, March 21. At the same time, the 3 per cent temporary surcharge will be removed from monthly telephone bills of all telephone subscribers.

According to A. P. Leitch, Pacific Telephone manager here, this surcharge was placed in effect only during the period needed to make equipment changes required for 10 cent operation of public telephones. It was designed to avoid a higher permanent increase in exchange rates and was necessary to procure the revenue needed while public telephones were being modified.

? Tarzan®

by EDGAR RICE BURROUGHS

ON THE MORNING FOLLOWING HIS IMPRISONMENT BY THE INDIANS, TARZAN WAS SHOWN A MASSIVE FOOTPRINT--EVIDENCE THAT THE MONSTER HAD AGAIN BEEN ON A NOCTURNAL RAMPAGE!

THE APE-MAN APPEALED, "LET ME GO UP THERE AND INVESTIGATE. IF I DIE, YOUR ORDER WILL HAVE BEEN FULFILLED -- BUT I MAY BE ABLE TO SOLVE THIS MYSTERY." THE KING HESITATED, THEN CONSENTED. "YOU WILL NEED SPECIAL EQUIPMENT---"

LATER, AFTER BEING OUTFITTED WITH NECESSARY SUPPLIES, TARZAN BEGAN HIS HAZARDOUS MISSION ATOP MT. LUNYA!

RELENTLESSLY, TARZAN SCALED THE MIGHTY VOLCANO. THEN, AS HE REACHED THE SNOW LINE, THE BARREN, GLACIAL WORLD OF THE MONSTER UNFOLDED BEFORE HIM!

Copr. 1952, Edgar Rice Burroughs, Inc. — Tm. Reg. U.S. Pat. Off.
Distr. by United Feature Syndicate, Inc.

HE TROTTED WARILY OVER A WHITE PLATEAU, AND SOON THE SKIES DARKENED... SNOW BEGAN TO FALL -- NATURE'S OMINOUS INTRODUCTION TO THE PERILS WHICH LAY AHEAD.

SUDDENLY HE STOPPED. A DARK SHAPE LOOMED IN THE DISTANCE -- A THING OF SUCH HUGE PROPORTIONS, THAT EVEN TARZAN'S BLOOD RAN COLD!
